

Community Emergency Preparedness Fund

Emergency Support Services Equipment and Training

2025 Program and Application Guide

Applications will be accepted July 1, 2024 to January 31, 2025 using the [LGPS Online Application Tool](#)

1. Introduction

The [Community Emergency Preparedness Fund](#) (CEPF) is a suite of funding programs intended to support First Nations and local governments to better prepare for disasters and reduce risks from natural hazards in a changing climate. Funding is provided by the Province of BC, and is administered by Union of BC Municipalities (UBCM).

As of July 2024, the funding streams include:

- Disaster risk reduction-climate adaptation
- Emergency operations centres equipment and training
- Emergency support services equipment and training
- Indigenous cultural safety and cultural humility training
- Public notification and evacuation route planning
- Volunteer and composite fire departments equipment and training

Please refer to [Appendix 1](#) for definitions of terms used in this guide. All defined terms are in **bold** in the Program Guide.

Background

Emergency Support Services (ESS) is a First Nations Government and Local Authority based provincial emergency response program designed to meet the basic needs of British Columbians impacted by disasters by providing short-term support in a compassionate manner. ESS is designed to provide support for disasters ranging from a single house fire to provincial level events involving large evacuations. These supports enable people to re-establish themselves as quickly as possible after an emergency or disaster.

Under the *Emergency Program Act*, municipalities and regional districts are responsible for responding to emergencies in their areas, including providing **emergency support services**. Under the 10-year agreement between Indigenous Services Canada and the Province, First Nations in BC may elect to provide **emergency support services** to their residents.

In November 2023, the *Emergency and Disaster Management Act* came into force, replacing the *Emergency Program Act*. The new Act and regulations govern how to manage an emergency or disaster in British Columbia. Until they are repealed, regulations made under the former *Emergency Program Act* remain in force.

Emergency Support Services Equipment and Training Funding Stream

The intent of this funding stream is to support eligible applicants to build local capacity to provide **emergency support services** through ESS volunteer/responder recruitment, retention and training, and the purchase of ESS equipment.

This includes the modernization of local ESS programs in order to move toward digital registration and reporting through the [Evacuee Registration and Assistance \(ERA\) Tool](#), promoting knowledge sharing, enhancing mutual aid, and building the capacity of host communities.

2. Eligible Applicants

All First Nations (bands and Treaty First Nations) and local governments (municipalities and regional districts) in BC are eligible to apply.

Eligible applicants can submit one application per funding stream intake. This includes applying as a **sub-applicant** in a regional application.

For the purpose of CEPF funding, the following agencies are able to act as a **primary applicant**:

- An emergency management organization that is created by a regional district service establishing bylaw and approved by the Province of BC may act as the **primary applicant** on behalf of eligible applicants that participate in the established emergency management service. When acting as a **primary applicant** on behalf of eligible applicants, the regional emergency management organization may submit more than one application per funding stream intake provided that each eligible First Nation or local government that is included as a **sub-applicant** is only funded once per intake.
- An Indigenous governing body with authority for emergency management may act as the **primary applicant** on behalf of eligible First Nations. The Indigenous governing body may submit more than one application per funding stream intake provided that each eligible First Nation that is included as a **sub-applicant** is only funded once per intake.

Emergency management organizations created by a regional district and Indigenous governing bodies that are interested in submitting an application to act as the **primary applicant** must contact UBCM in advance of submitting an application and will be required to provide appropriate documentation related to membership, authority, and area of service.

3. Grant Maximum

The Emergency Support Services Equipment and Training funding stream can contribute a maximum of 100% of the cost of eligible activities to a maximum of \$40,000.00.

Eligible applicants that can demonstrate geographical constraints (e.g., significant distance and/or barriers, such as mountain ranges, between reserves or communities) and a clear case for **ESS** service delivery in each reserve or community may be eligible to exceed the funding maximum. For more information, please contact UBCM in advance of submitting an application.

The Evaluation Committee may recommend that an application be approved in part, based on available funding and the merit of the proposed project.

To ensure transparency and accountability in the expenditure of public funds, all other contributions for eligible portions of the project must be declared and, depending on the total value, may decrease the value of the funding. This includes any other grant funding and any revenue that is generated from activities that are funded by the CEPF.

The Indigenous Engagement Requirements Funding Program provides funding for the implementation of the Indigenous Engagement Requirements within the *Emergency and Disaster Management Act*. For more information visit the Province of BC's [website](#) or contact: EMCR.IERFunding@gov.bc.ca.

4. Eligible Projects

To qualify for funding, proposed activities must support eligible applicants to build local capacity to provide **emergency support services** through ESS volunteer/responder recruitment, retention and training, the purchase of ESS equipment, and be:

- A new or a subsequent phase of a project (retroactive funding is not available);
- Capable of completion by the applicant within one year from the date of grant approval;
- Where applicable, eligible for required approvals, authorizations, and permits; and,
- In alignment with [Emergency Support Services](#) policies and operational guidelines.

Regional Projects

Funding requests from two or more eligible applicants for regional projects may be submitted as a single application for eligible, collaborative projects. In this case, the maximum funding available would be based on the number of eligible applicants included in the application. It is expected that regional projects will demonstrate cost-efficiencies in the total grant request.

The **primary applicant** submitting the application for a regional project is required to submit a resolution as outlined in [Section 7](#) of this guide. Each **sub-applicant** is required to submit a resolution that clearly states their approval for the **primary applicant** to apply for, receive, and manage the grant funding on their behalf.

5. Requirements for Funding

As part of both the development of the application package and the delivery of the **approved project**, local governments are encouraged to proactively engage with local First Nations and Indigenous organizations, such as Friendship Centres and Métis Chartered Communities. Engagement by local governments both locally and regionally can help build relationships with First Nations, benefit both communities, and enhance reconciliation. More information on engagement best practices is available [here](#).

As part of the Approval Agreement, approved applicants must agree to the following requirements for funding:

- Any in-person activities, meetings, or events must meet public health orders and/or guidance;
- Activities must comply with all applicable privacy legislation under the *Freedom of Information and Protection of Privacy Act* in relation to the collection, use, or disclosure of personal information while conducting funded activities. Personal information is any recorded information about an identifiable individual other than their business contact information. This includes information that can be used to identify an individual through association or inference; and,
- Where applicable, the Qualified Professionals that manage the proposed project must be subject matter experts and any professional activities must be developed and signed by a qualified professional as per the *Professional Governance Act*.

6. Eligible and Ineligible Costs and Activities

1. [LGPS Online Application Form](#): This online form must be completed for all applications to LGPS funding programs and includes questions that are common to all grant applications. When the LGPS Online Application Worksheet is submitted, the applicant will receive an email confirmation including the file number that has been assigned to the application, and a copy of the Application Worksheet that must be completed as part of Step 2.
2. Application Worksheet: This worksheet contains questions that are specific to the funding stream and must be submitted by email to UBCM with all other required attachments.

Refer to [Appendix 2](#) for more information the information that will be required to be submitted during each step, including all application questions.

Review of Applications

UBCM will perform a preliminary review of applications to ensure the required application contents have been submitted and to ensure that basic eligibility criteria have been met. Only complete application packages will be reviewed.

As required, the Evaluation Committee will assess and score all eligible applications. Point values and weighting have been established within each of these scoring criteria. Only those applications that meet a minimum threshold point value will be considered for funding.

Higher application review scores will be given to projects that:

- Align with the intent of the Emergency Support Services Equipment and Training funding stream:

- Support the modernization of local ESS programs in order to move toward electronic registration and reporting through the Evacuee Registration and Assistance (ERA) Tool.
- Clearly demonstrate how the capacity of the eligible applicant to deliver **emergency support services** in their community and act as a host community will be increased.

- Effectively engage with neighbouring jurisdictions, and other impacted or affected parties (e.g., equity-denied populations, pet-care organizations, organizations involved in a web of support network) as appropriate to the project. Rural and remote communities may want to consider engaging with regional districts and/or health authorities, and First Nation applicants may want to consider engaging with the First Nations' Emergency Services Society or the First Nations Health Authority.
- Contribute to a comprehensive, cooperative, and regional approach.
- Are cost-effective.

As required, the Evaluation Committee may consider the provincial, regional, and urban/rural distribution of proposed projects, and previous CEPF funding. Recommendations will be made on a priority basis. All funding decisions will be made by UBCM.

UBCM may share all applications with the Province of BC and the First Nations' Emergency Services Society.

8. Grant Management and Applicant Responsibilities

Generally speaking, this means funds cannot be transferred to an activity that was not included in the approved application or to a new or expanded location.

Approval from UBCM and/or the Evaluation Committee will be required for any variation from the **approved project**. Depending on the complexity of the proposed amendment, requests may take up to 90 days to review.

- For regional projects only: evidence of support from **sub-applicants** for proposed amendments will be required.
- Written rationale for proposed changes to activities and/or expenditures.

Applicants are responsible for any costs above the approved grant unless a revised application is submitted and approved prior to work being undertaken.

All approved activities are required to be completed within the time frame identified in the Approval Agreement and all extensions beyond this date must be requested in writing and be approved by UBCM.

The [Interim Report Form](#) will be required to be submitted for all extension requests over six months. Extensions will not exceed one year from the date of the original Final Report deadline.
